MAD MUMBLINGS

Dear Editors,

The other day as I was sweeping out my barracks, I came across a MAD comic book. As we say in Korea, it is number one (the best).—A/2c Franklin Kambach—Kunsan, Korea.

...Allow me to tell you what I thought of the No. 15 edition. The cover was delightfully refreshing, and the contents brought from me the same reaction as your previous editions... Eccccchhhhh! —Caroline Raymond—Rockville, Md.

...I am a bas-relief polygarbonator, and being illiterate, as the recent Kinsey survey revealed, I am, of course, unable to write this letter, as a matter of fact. Having never read your delightful magazine, I suppose I am one of your more fortunate readers. Also, being one of the more intelligent fur-bearing species, I am sometimes confused with the Bachillus-Cootch sect, (not to be confused, of course.) However, in essence being an overly perceptive bas-relief polygarbonator, I am. Thank you.—Suzi Hefferan—Richmond, Va.

...Ah used to suffer from that tard, run down feelin'. I tried Jerrytall and it wouldn't work. I tried Haddycall an' it wouldn't work. Finally I was inerduced to MAD. All I have to say is now I don't work.—Tommy Wright—Miami, Fla.

...Reading the No. 15 issue of MAD was exactly like making a gainer-and-a-half into a pool filled with four inches of lemon jello.—Elaine Spiwak—(no address given)

...Is Bill Elder addicted to chicken-fat or something?—Gene McWhorter—Longview, Tex.

...He he hhee he heee hhhee hee hhhe hhe ee hheee hhe hhh! At last I have found the solution to the words that have been puzzling me for the last century, Furshlugginer, Potrzebie, and Blintzes! So I get a new issue of MAD and on the sixth furshlugginer page, you've got a brand-new word, Farshimmelt! He hhhee ee ee hhee hhe ehhe he!—Stanford Grossman—Detroit, Mich.

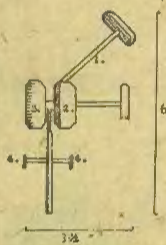
...I am a proper, to the best of my limited ability, Bostonian. Our entire community cannot rest until we find a genuine veeblefetzer. Curiosity overwhelms us, and you have no right to mention such an outstanding product until you can put it on the market.—Anonymous

MEATKNUCKLES VEEBLEFETZER PLANS TYPE SEVEN: SINGLE-THROTTLEVER, LONG ELBOW.

Use only the hardest Tica wood, or else it will wear quickly from use. The 'fetzer described below is ideal for its original purpose, and everyone knows what that purpose is.

Use wood glue, and sand all edges until rounded. DON'T LEAVE SHARP EDGES AS IN THE PLAN BELOW.

1. Long elbow reacher.
2. Single-throttlever.
3. Extra-throttlever for optional left-hand operation.
4. Press Zorks to operate.



—A. Romano—Newark, N. J.

...May I congratulate your color artist for the bang-up job she did on Captain Tvideo.—Jim Rusk —Eenymeenyminy, Mo.

...By the by, I would like to point out to Roy Pender, (Mad Mumblings No. 14), that Einstein's formula, $m = \frac{mo}{v)1-(v^2/c^2)}$ says that with speed, mass increases and size decreases.—Don Burdett—Checotah, Okla.
